Dear Mr. Powell,

I am pleased to announce that Elk Mountain's beautiful Winter Garden restaurant and lounge are now available for private gatherings. No matter what the season, the views are spectacular, the surroundings delightful and the service most cordial.

Whether your group be large or small, the Winter Garden is a perfect meeting spot for holiday affairs, luncheons, business seminars, cocktail parties or dinner dances. The menu is only as limited as your imagination and can be tailored to suit most any budget. If you would like to include a chairlift ride, fashion show or entertainment in your plans, Elk will be glad to make the arrangements. Special fund raising programs are also available to non-profit, charitable organizations.

Another innovation at Elk this year is the Ski Outing Package, conceived with the idea that there is nothing quite like the comradery fostered by fresh air and a warm fireplace. With this package special rates are available that include a lift ticket and private luncheon or cocktail party.

For more information or a tour of the facilities please contact me at Elk Mountain (717-679-2611). I look forward to hearing from you.

Sincerely yours,

Joan D. Samuel

11-16-84- JVB & I pulled out the dead flowers from the flower  
boxes in the downtown area; I collected a large quantity  
of mangold seeds, which I will plant next Spring.

I was glad to have the telephone number  
on Saturday morning -- I called  
JVB at 9:30 AM to find out if he was  
going to see "Big Boy" with Elaine &  
Kirk -- as he said to her. He said that  
they would be here at 8 PM. When I called  
at 9:30 AM, I woke them up.

### BEREAN BAPTIST CHURCH

CARBONDALE, PENNSYLVANIA 18407

November 7, 1984

My Fellow Bereans:

The church by majority vote decided to purchase a new organ from Rodgers Organ Company, at a cost of \$34918.00. This will replace the Hammond Organ that has been in use since, 1951. The Hammond has served us most admirably but it has been giving us problems over the past several years notably parts are no longer available.

The above monetary figure seems quite high but to serve the needs of our congregation now and in years to come the committee, who labored many hours in study, listening, traveling and trying to make a decision and presented such to the church body. The church by a majority vote accepted that decision. The Officials had already given sanction to purchase such instrument as recommended.

The Official Board has requested a ninety day extension in order to conduct a Capital Funds Campaign to assure them that sufficient funds would be pledged. Therefore, as Chairman of the Committee I am asking that each of you will pray fully and earnestly contribute to this campaign to replace the old organ.

We would as of this day finance \$30,000.00 at 12% interest over a three year period. To assure such a sum means each one of us must contribute money, time and effort.

We need 20 people to pledge \$7.00 per month total \$250.00  
We need 20 people to pledge \$11.00 per month total \$400.00  
We need 20 people to pledge \$17.00 per month total \$600.00  
We need 9 people to pledge \$20.00 per month total \$800.00

This amounts to \$35,000.00 plus which will be sufficient to amortize the loan.

Some of our organizations have projects to assist in this campaign. The choir will be selling Christmas Cards and Note Cards. If successful will be of great assistance. Baptist Youth Fellowship will also contribute. The Happening has set up a project and I know other groups will also take part in this most necessary undertaking.

Will you please complete the bottom of this communication at your earliest convenience and let's make Sunday, November 25, 1984, Pledge Sunday.

May God bless and reward you richly;

Merle Morgan

I feel trapped. How much shall I pledge?  
at the present, my financial resources are very  
limited indeed.
